PRELIMINARY FINANCIAL STATEMENT

THE PIERCE HOUSE is licensed as a Residential Care Facility, and is approved for Cost Reimbursement under MaineCare. Eleven spaces are designated for private pay residents; five spaces are available for those who qualify for MaineCare.

When a space becomes available, it may be either a private pay or MaineCare space; therefore, we need to be aware of the applicant's financial status, not only for the short term, but also for the long term.

We are requesting that you make a statement that will help us determine your financial status. Since this is a Preliminary Application, and financial conditions may change over time, a more complete Financial Statement Form will be part of the Application Process at the time of Application for Admission.

The current rate follows. Please note that the Finance Committee reviews the fee structure periodically, and expect there may be an increase. Add a 5% Service Provider tax to all rates below.

Monthly Rates

- 1st floor with bathroom: \$3800/month
- 2nd floor with bathroom: \$3400/month
- 2nd floor with bathroom and shared shower: \$3300/month
- 2nd floor suite with bathroom: \$3800/month

Please check one of the following. When I am considered for admission to The Pierce House, I expect that my financial situation will be:

_____ I will be Private Pay, long term (assets and/or Long-Term-Care-Insurance)

_____ I will be MaineCare (Medicaid) eligible

_____ I will be MaineCare (Medicaid) eligible within 2 years
